

# *Meal Tracker® District Sales Reporting*

Create consolidated Point of Sale reports effortlessly.

**Improve your accuracy and save time!**

- Monthly edit check provides day by day comparisons for each location, along with consolidated day by day district-wide totals.
- Compare actual meal counts to eligible students  $\times$  attendance factor.
- Breaks down monthly totals to itemized daily totals. Shows reimbursable meals by category *and* sales revenue . . . all on one comprehensive report!
- Consolidated reports for reimbursable meals, sales revenue, cash receipts.
- Reports for any period of time in history.

## Generate reports for:

**\* 1 school**

**\* Any combination of schools**

**\* All schools!**

- Separate totals for breakfast , lunch, and third serving period.
- Reports also separate student totals from adult totals.
- Financial Summary report shows net change in cumulative debit and credit balances.
- Send reports to any local or network printer, or simply view on-screen.
