# Meal Tracker® District POS Report Options

District Point of Sale enables consolidated reporting for one building, all buildings, or any combination of buildings . . . for one day or for any period in history.

Reports are generated using the same reports menu as Meal Tracker® Site Point of Sale.

This product is typically used to produce consolidated history and monthly reports

## Consolidated History Reports

Daily Sales History  
Daily Cash History  
Meal Participation History  
History Status Report  
Cashier Report  
*Custom Reports also available!*

## Consolidated Monthly Reports

Monthly Worksheet  
Monthly Edit Check  
Cash Receipts

Using the “real time access” option in District Point of Sale, district users may also generate all Site POS reports including Daily Reports, Account Reports, Family Reports, and Setup Reports.
